*Banning Unified School District offers tutoring services for identified students who qualify through No Child Left Behind (NCLB) legislation at Program Improvement schools year 2 or above. The tutoring service is commonly known as Supplemental Educational (SES) which is extra academic assistance that is provided to help your child improve his or her academic performance outside of the regular school day. SES is a free tutoring service program which allows a parent in an eligible school to choose additional academic services to assist their child in Reading/Language Arts or Math.
